Partners in Training Australia maintain its compliance standards across a range of statutory bodies. It meets legislative and regulative procedures with quality systems, using rigorous internal auditing and regular external audits. All necessary procedures and policies are outlined in our 2017 quality manual, including:

- Quality training systems aligned with the Australian VET Quality Training Framework, National Training package system and legislative instruments
- Meeting all state funding legislative requirements
- Codes of practice
- Copyright rules
- Occupational health and safety legislation
- Privacy laws

Quality indicators for Learner engagement and Employer satisfaction:

We are required to use quality indicator data to inform our continuous improvement processes and assess their performance against the Standards for National VET Regulator (NVR) Registered Training Organisations. The Australian Skills Quality Authority (ASQA) is the registration Authority and national regulator of the VET Quality Framework (VQF) which contains the Standards for Registered Training Organisations (RTOs). These standards ensures a nationally consistent approach to the registration of training organisations seeking to deliver training, assess competency outcomes, and issue Australian Qualifications Framework qualifications and/or Statements of Attainment. The VQF also ensures the recognition of training providers and the Australian Qualifications Framework qualifications and Statements of Attainment they issue, across Australia. Visit www.asqa.gov.au/about-asqa/national-vet-regulation/vet-quality-framework.html for more information.

PERSONALISED

We understand that no two people are alike and each individual student and client has different needs when it comes to training. Our staff will get to know you and talk to you individually to find out exactly what outcomes you want. We will guide you into the best course to make sure that you are engaged in our studies and working towards your desired outcome. We are a family owned and operated training organisation and we pride ourselves on embracing everyone as if they’re a part of our extended family.

LEARNING

To get a job you need more than a certificate and that’s why we teach our students in a way that fully prepares them for work after study. We actively engage in helping our students get a job, keep a job and develop a successful, rewarding and lasting career. We aim to make our students passionate about their industry so that they are eager to continually learn and develop. We foster real pathways for our students into further study and employment.

Call (03) 5821 4877 today to begin your training partnership with us.
